

St. Joseph's R.C. Primary School

Pupil Premium Policy

Pupil Premium Allocation

In financial year 2017 – 2018 St. Joseph's School was allocated £110,329.56 additional pupil premium funding.

- The funding is spent on recruiting additional teaching assistants and teaching assistant time to support group work, guided activities, intervention and 1:1 tuition to support learners.
- A specialist speech and language therapist and support staff for targeted speech and language groups.
- Attainment of all pupils in receipt of pupil premium funding is carefully monitored, in line with the school's assessment policy.
- At St Joseph's we recognise that all pupils including those who attract pupil premium make most progress, accessing high quality teaching. All pupils, including those who attract pupil premium are expected, as a minimum, to achieve age related outcomes.
- Intervention for all pupils, and those attracting pupil premium, will be put in place if necessary to further support pupil progress.
- Interventions may be;
 - Additional to Maths and Literacy teaching
 - Responsive to morning's teaching
 - Teacher's own assessments:
 - Maths (APP + SLOB)
 - Wave 3 Materials and Springboard
 - Speaking + Listening (A Lang. in Common)
 - Phonics (L+S & ALS)
 - Word / sentence level
 - Reading (English curriculum – lower year group objectives, ALS + APP)
 - Writing (English curriculum – lower year group objectives, ALS + APP)
- The impact that this continues to have on our school attainment and achievement can be seen on the performance tables for our school. This can be accessed by following the link on our school website.
