May 2020

Dear Parent/Carer,

## **RE: Home Learning Continued**

### **Home Learning**

We hope that you and your child have enjoyed completing your home learning pack so far this half term and are successfully using the 'Google Drive' to access the relevant learning resources. In this pack, you will find the printed learning resources for your child to complete for the final three weeks of this half term.

### **Online Learning**

Thank you for your patience to those of you who were having technical issues accessing the 'Mathletics' and 'Lexia' online learning programmes, these issues have now been resolved and all children have access to these programmes. The teachers are closely monitoring your child's usage and achievements of both Mathletics and Lexia and using these as an assessment tool; a special well done to those children who have been using both programmes every day. We recommend that all children use both programmes for between 15-20 minutes per day each during this period of school closure.

### **Reading**

It is imperative during this period of school closure that your child continues to read on a daily basis. We recommend 30 minutes independent reading a day for a child in KS2. Please do take the time to hear your child read aloud and to discuss the text they are reading with them.

### **Further Guidance & Support**

We are regularly updating our website with guidance from the government and with a range of materials to support your child and family's health and well-being at this time. In addition, the school remains staffed during this time, we would like to assure all of our community that we are available by phone should you require any additional support.

If you are unable to access the online learning materials at home, please get in touch with the school, via phone, so that alternative provision for your child can be made.

Yours faithfully,

Mrs Byrne

(Headteacher)
