

Our Father in heaven,

We pray that all our family and friends stay safe and well during this time. We pray that all our teachers and TA's continue to be happy and healthy, so they do not have to stay home. We hope that Mrs Byrne will not get sick and thank her for all her hard work running our school. We pray that our Prime-Minister doesn't rush any of his decisions at this important time, and that he thinks carefully about what he is going to put in place to help our country. We pray that you help those in need, and those who are struggling through this pandemic. Please also protect those who are caring for people who are

ill. Finally we pray that we all
stay safe in our bubbles and
we remember our school rules
which will help us stay safe.
We hope that no one gets ill
so we do not have to
quarantine.

In the name of the Father,
Son and Holy Spirit

Amen
