

LOVE

JOY

HOPE

Peace

Dear Heavenly Father,

During this month of Advent, we look back and thank you for giving us the strength to persevere through what has been a year of tremendous change. We thank you for the NHS keeping us and our families safe and keeping us in education. We pray for the people affected by COVID-19, both physically and financially, and pray we are reunited soon.

We reflect upon the ongoing movement of Black Lives Matter. We ask that you continue to give us the strength to stand up against injustice and speak out against inequality.

As we approach Christmas, we ask you to protect us in these hard times. We pray you give confidence to everyone performing in the nativity to do their best. We ask you and all the saints to hear our prayer,

Amen
