### **St. Joseph's 6 vs Streatham Wells 2**

- **The** start of a new season with lots of new players, and the new league rules of no heading.
- **The** important thing for such a young team is to learn how to play football on this size pitch, and to improve as quickly as possible.
- **It was** such a hard fought match in very wet conditions and as usual our school was up to the task.
- **Every player** played their part and remembered the simple instructions they received before the match and from our few training sessions together. Great support from the crowd too.
